

Meeting Agenda - Week 2 - Meeting 1

Date:

29-03-2017

Chair:

Anne Keller

Participants:

Sanjin Slavnic, Joakim Mattsson, Kevin Brunström, Anne Keller

1. Objectives (5 min). Resolve any issues preventing the team to continue.

We need to specify our GUI.

2. Reports (15 min) from previous meeting

All members have installed Android Studios and is a bit familiar with it.

We have looked into a few interesting libraries such as Googles Vision library, which includes text recognizer.

We need more detailed information about categories for the different expenses.

3. Discussion items (35 min)

We will draw our final GUI so we are sure that we do not miss out on anything in our Use Cases, for example we need to specify in what way we are going to sort the list of receipts. We have done a few sketches of our app-layout.

Anne will look into the categories and get them from a Swedish company.

4. Outcomes and assignments (5 min)

We will do a proper drawing of our GUI so we are sure what functions we will include.

We need to look into information about the different categories so that we know what needed.

We need to do a sketch of our Domain Model.

We have decided to work together on these tasks.

5. Wrap up

As of now we do not have any unresolved issues, only task that we do need to complete.

Next meeting will be tomorrow, Thursday 30-03-2017, after our meeting with our supervisor.
